ARES 65 W150

The ARES 65 W150 has the peculiarity of having a carrying capacity of 400 Kg on each fork, with only 150 mm width of the upper slide.

The standard version includes the transmission system with racks and pinions.

Like every LHD telescopic fork, the ARES 65 W150 can be supplied as a single fork, a pair, as well as an array of forks.
